## EDUCATION

**Dr. A. P. J. Abdul Kalam Technical University, Lucknow**  
*B.Tech - Computer Science and Engineering - CGPA - 7.6*

**2021 – 2025**  
*Lucknow, Uttar Pradesh*

**Unique Model Inter College**  
*intermediate - Science*

**2021**  
*Fatehganj (west), Uttar Pradesh*

**Unique Model Inter College**  
*High School - Science*

**2019**  
*Fatehganj (west), Uttar Pradesh*

## SKILLS

- HTML
- CSS
- JAVA SCRIPT
- NODE.JS
- REACT.JS
- MYSQL
- GIT
- FIREBASE

## EXPERIENCE

**Web Development Internship at Octanet software services** 📄 |

**September 2023 - October 2023**

- Learned and Implemented **HTML, Css, Java Script**
- Developed a user-friendly question and answer platform with essential features.
- created a responsive front-end using HTML, CSS, and JavaScript.

**PulseZest - Senior Web Developer** 📄 |

**May 2023 - August 2024**

- **Technical Leadership:** Provided technical guidance and mentorship to junior developers, fostering a collaborative and productive team environment.
- **Full-Stack Development:** Engaged in both front-end and back-end development using modern technologies such as React, Node.js, and Firebase
- **Code Quality Assurance:** Implemented and enforced best coding practices, code reviews, and unit testing to ensure high-quality code.

## PROJECTS

**College App and Web Portal (Mini Project)** 📄 | [Dart,HTML, CSS Java Script, MySql](#)

**2023**

- The College Management System is a comprehensive solution integrating an Android application and a web portal for efficient college administration. Utilizing HTML, CSS, and JavaScript for the web portal, and Kotlin and Dart for the Android app.
- Allows easy access to student profiles, academic records, and attendance. Course Management.

**School Management System** 📄 | [React.js, Css, JavaScript, Node.js, Firebase](#)

**2024**

- **Role :** Project Lead
- **Description :** Led the development of a comprehensive school management system web portal. This project involved creating a user-friendly interface and robust backend to handle various administrative tasks within a school setting. Key features included:
- **Features :** Multiple Login Types
- **Super Admin :** Complete control over the system, including user management and system settings.
- **Admin :** Manages school operations and has access to most features.
- **Accountant :** Handles financial records and transactions.
- **Librarian :** Manages library inventory and borrowing records.
- **Receptionist :** Manages front office tasks and visitor logs.

- **Achievements :** Successfully delivered the project within the stipulated timeline.
- Enhanced operational efficiency by automating various administrative tasks.
- Improved user satisfaction through a streamlined and intuitive interface.

## Personal portfolio | HTML, CSS, Java Script

2023

- The Personal Portfolio is a web-based project created using HTML and CSS to showcase an individual's skills, projects, and experience. This minimalist and visually appealing portfolio aims to present a professional online presence.
- **Responsive Design:** Utilizes HTML and CSS for a responsive layout, ensuring compatibility across various devices and screen sizes. Portfolio Sections

## TO-DO List Web Application | HTML, CSS, Java Script

2023

- I developed a Todo List Web Application using HTML, CSS, and JavaScript. This project aimed to create a user-friendly interface for managing tasks efficiently.
- The application allows users to add, delete, and mark tasks as completed, providing a seamless experience for organizing daily activities. Through this project, I gained hands-on experience in front-end web development and enhanced my skills in HTML for structuring content, CSS for styling, and JavaScript for interactivity.

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, MySQL,  
**Technologies/Frameworks:** HTML5, CSS3, REACT.JS  
**Developer Tools:** VS Code

## HOBBIES AND INTEREST

**Open-Source Contributions:** Actively contribute to various open-source projects on GitHub, enhancing community-driven software and staying up-to-date with the latest development trends.

**Hackathons and Coding Competitions:** Participate in hackathons and online coding competitions, winning awards for innovative solutions and teamwork.

**Gaming:** Enjoy playing strategy and puzzle games, which help in honing problem-solving skills and logical thinking.
